Sun, sea, sand.....and FiltaFry! From November our first Spanish partner will begin operation in Alicante with FiltaFry's unique mobile full fryer management service. This means that those working in the food service industry in the popular Costa Blanca holiday region can now always enjoy clean fryers with flawlessly clean oil, fry in a more sustainable way as well as save a lot of time and costs associated with fryer management.

"We wish Lauri Nakström every success with his new business, warmly welcome him to FiltaFry and commit to giving him the best possible support", says Jos van Aalst, Managing Director of FiltaFry Europe. "We are very excited to see how Spanish food service professionals respond to our services. Lauri's success will certainly be key to our future business strategy in Spain."
