

Press release FiltaFry, Innsbruck/Vienna, 12/03/2019

FiltaFry – mobile full service fryer management – expands Austrian business and launches in Vienna.

Philipp Kastan, the first Austrian FiltaFry partner beginning in Tirol a year ago, is now offering this unique mobile fryer service to Viennese restaurateurs.

Along with his new employees, he is taking on all fryer jobs in the area: filtering the used oil on a micro basis, professionally cleaning the fryers as well as exchanging the oil and disposing of it professionally and in an environmentally-friendly way.

Saving costs – protecting the environment

“Thanks to FiltaFry, our customers, including hotels, restaurants, furniture stores and caterers, always have flawless oil and clean fryers”, says Kastan. He summarises the benefits thus: “In addition they save costs and time, relieve their staff of these duties and make a measurable contribution to more sustainability in their kitchens.”

New: Replacement service for refrigerator seals

Kastan supplements his fryer management with a new unrivalled service in gastronomy and food retailing: With Fit-A-Seal, he manufactures and replaces seals for refrigerators, freezers and cold storage rooms directly on location. What is particularly special about this is that customers must no longer wait weeks at a time when they have to exchange defect or aging refrigerator seals. Kastan can get it done on site within 10 working days, without requiring several site visits.

Should you wish to experience the FiltaFry service live and without obligation to purchase, the company offers a free on-site DEMO – the special hotline is 0800 080030.

About FiltaFry

FiltaFry – full-service mobile fryer management – was founded in 1996 in the UK and operates on a franchise basis. Today FiltaFry is established in many countries around the world and since 2015, is also active in Germany with FiltaFry Deutschland GmbH, which since 2018, belongs to the Filta Group. The concept consists of filtering and cleaning cooking oil and on-site fryer cleaning including the removal and professional disposal of waste oil. Upon request, FiltaFry delivers fresh oil and refills the fryers. Furthermore FiltaFry provides additional mobile services: the direct on-site manufacture of refrigerator seals and regular, organic drain cleaning.

Customers include restaurants and snack bars, hotels, caterers, sports venues, leisure parks, and company and university canteens among many others. FiltaFry is a member of the German Franchise Association. In 2017 FiltaFry was awarded the “Sustainability Project 2017” quality seal from the German Council for Sustainable Development and in 2018, the prize for excellence as a start-up from the German Institute for Service Quality. As a supplier, FiltaFry has been recommended with the Green Key eco-label.
